This is very disappointing that is happening to Uber in SC. I am a new customer to Uber, and HOPE this gets resolved soon. I have enjoyed my experiences with my travel with Uber in the past. I will continue to use Uber where available. Please do everything in your power to get this service reinstated in SC.

Again, thank you!!
Matt

Subject: Need Uber in SC

I have used Uber all over the country for my line of work. It is a safe and effective means of transportation. Having been born and raised in SC, I don't find it surprising to see state government get in the way of progress. It is time that our state get with the program and stop lagging behind everyone else when it comes to progress and free enterprise. I will continue to use uber regardless of what laws you put in place. My relationship with uber is a private business relationship in which I choose to engage. Rather than fight progress and free enterprise, how about we become leaders for it. This will set SC apart from the of the country.

Get it together
Matt Gilstrap

Subject: Military Serving on Uber duty

I have been on the military for over 16 years and I am an instructor in the Navy's Nuclear Field. Frankly, I am angered that many people are concerned over the background checks of its drivers. I have a clearance higher than most people who make these laws. I felt Uber did a great job of verifying my background as well as my vehicle info and driving record. I have traveled all over the world and have been in more shady cabs with people speaking a language I do not know, praying I don't get kidnapped and hoping I get charged fairly. Since driving I have never felt threatened or endangered and have received nothing but great ratings from my customers. Uber strives to constantly train us on its customer service policy and upholding its reputation. During New Years Eve I can say I made a positive impact on my city providing safe rides to intoxicated customers while offering great customer service. The cab companies in Charleston sometimes do not even pick up outside of downtown during peak hours and sometimes wait times can be greater than an hour. I strongly disagree with the PSC decision to stop free enterprise and wish other companies were just as understanding and insightful as Uber

Respectfully,

You have got to be kidding. Please get your bureaucratic agenda out of the way of free enterprise. Uber is an awesome service that I use often and for you to just come in and say stop business is un-American, unfair, and just wrong. Please explain your logic behind this. You are a public servant and the public demands to know why and what you are thinking. Back up your actions please.

Sincerely,

Morgan Hudgens
